

**Manager** (cont. from page 1)

**Parking Space**

Designated parking spaces are for the assigned owner and their family and guests. Even if someone does not drive, they may have a nurse or family member visit regularly.

**Some re-occurring issues needing special attention:**

- Unapproved work in units. Check with City of Aventura for guideline on what needs permit.
- Request Architectural Modification

Form from the office. Once permit is received, post it in the window before starting the work.

- Weekend and late evening renovations in units are not approved-be considerate of neighbors.
- Vendors not signing in at the office-this is a safety concern. One vendor was locked out on the roof.
- All common areas must be covered before and for the duration of the renovation to avoid getting the walkways dirty and/or damaged.
- Nuisance Noise-living in a multi-family building is difficult at times if we are not aware of how much noise we are generating and how this affects our neighbors. Be accountable to your neighbor. Ask them if your noise level is bothering them.

**Theft of bicycle**

B2-202 had her new bike stolen from the bike rack with the attached child buggy. This happened after Sept 26<sup>th</sup>. If anyone saw or heard anything, please report it to the office.

**Remembering Norman Epstein**

Condolences to Estelle Midoneck-B1 on the passing of her brother Norman Epstein from Montreal.

any remodeling job!

**10% OFF Any Service**

Valid With Coupon. Not To Be Combined With Other Offers. Exp 11/30/2020

## October Is Breast Cancer Awareness Month

### How can I find breast cancer early?

The best way to find breast lumps that may be cancer is to do 3 things:

- Have regular mammograms.
- Have your doctor check your breasts.
- Check your breasts yourself every month.
- Doing all of these things gives you the best chance to find cancer as early as you can. Finding breast cancer early makes treatment much easier and more effective. More than 90 out of 100 women whose breast cancer is found early will be cured.

### Changes to look for in your breasts

- Any new lump (which may not be painful or tender)
- Unusual thickening of your breasts
- Sticky or bloody discharge from your nipples
- Any changes in the skin of your nipples or breasts, such as puckering or dimpling
- An unusual increase in the size of one breast
- One breast unusually lower than the other

For more information you can visit the American Cancer Society's breast cancer Web site at [www.cancer.org/](http://www.cancer.org/) or call 800-ACS-2345. You can also visit the Breast Cancer Network's Web site at [www.breastcancer.net](http://www.breastcancer.net).
