HAPPY NEW YEAR

2020

Here's to a brand new year of good health, good fortune, and good times. Thanks for bringing in the New Year with us here at Grandview Palace. We feel fortunate to have you all as our residents.

National Florida Day

National Florida Day on January 25 recognizes the 27th state to join the United States. The Sunshine State is home to the oldest established city in the country. With over 400 years of history, St. Augustine’s streets and colonial architecture have stories to tell.

With an average high temperature of 79.5°F, it should be no surprise that Floridian John Gorrie brought refrigeration and air conditioning to the world in 1851. Add to that, more than half the year with partly cloudy to sunny days, the invention of sunblock would be a necessity, too. Hungary born pharmacist, Benjamin Green, invented a sunscreen in 1944 which later became a tanning lotion known as Coppertone. Florida offers more than enough to do and see. From man-made worlds and relaxing beaches to long, colorful and intricate history, the Sunshine State’s open spaces and sunny faces require more than one visit or enjoying Florida as a resident.

Glaucoma Awareness Month

Did you know that you could be going blind and not even know it? January is Glaucoma Awareness Month, a time to remind the public about the dangers of this disease. Glaucoma is the leading cause of blindness in all adults over the age of 60. In the African-American population, people over 40 are up to five times more likely to get glaucoma.

Glaucoma can't be cured, but if caught early, treatment options can reduce the risk of blindness. If you are over 60, or if you are African-American and over the age of 40, or you have a family history of glaucoma, talk to your doctor. You should have an eye exam every two years. It is painless, easy, and it could save your sight.
