Hallandale Beach, FL 33009

TESTING FOR COVID-19

Two kinds of tests are available for COVID: [viral tests](#) and [antibody tests](#).

- A viral test tells you if you have a current infection.
- An antibody test might tell you if you had a past infection. An antibody test might not show if you have a current infection because it can take 1–3 weeks after infection for your body to make antibodies. Having antibodies to the virus that causes COVID-19 might provide protection from getting infected with the virus again. If it does, we do not know how much protection the antibodies might provide or how long this protection might last.

If you test positive or negative for COVID-19 on a viral or an antibody test, you still should take preventive measures to [protect yourself and others](#).

How to get tested for current COVID-19 infection

- To learn if you have a current infection, <https://www.cdc.gov/coronavirus/2019-ncov/testing/diagnostic-testing.html> are used. Most people have mild illness and can recover at home without medical care. Contact your healthcare provider if your symptoms are getting worse or if you have questions.
- Decisions about testing are made by state and local health departments or healthcare providers. You can visit your [state](#) or [local](#) health department’s website to look for the latest local information on testing.
- If you have symptoms of COVID-19 and are not tested, it is important to stay home. [What to do if you are sick](#).
- If you have symptoms of COVID-19 and are not tested, it is important to stay home. Learn [what to do if you are sick](#).

! From FPL - Protect Yourself from Scams, Fraud, & Impostors !

Warning: Scammers are aggressively targeting utility company customers across Florida and the rest of the country using sophisticated tactics to pocket quick cash. We continue to help provide our customers information on the most commonly used scams and how you can protect yourself by partnering with more than 100 utility companies across the country and sharing the latest scam-related information.

SOME OF THE MOST COMMON SCAMS INCLUDE:

- The caller **pretends** to be a Florida Power & Light Company (FPL) employee and insists your account is delinquent. Caller ID may even falsely display our number and appear to be FPL.
- The caller **threatens** to turn off power to your home or business within an hour if payment isn't made immediately and may even claim a truck is on the way.

- The caller **demand**s immediate payment only with a prepaid card or wire transfer and provides a call back number that mimics our customer service line.

FPL WILL NEVER:

- Demand immediate payment with a prepaid card or wire transfer to avoid service disconnection.

IF THIS HAPPENS TO YOU, TAKE ACTION:

- Suspicious caller – **Hang up**
- Suspicious text or email – **Delete it**
- A visitor without official FPL identification – **Shut the door**
- Ask for personal information, such as account numbers or your Social Security number, unless you call us – in which case we will ask questions to confirm you are the account holder.
