MAISON GRANDE UPDATES

Please stop by and see our new playground!

Maintenance has pressure washed the front of the building and is updating its facade.

Thunderstorm Safety

Along with summer’s warm days come thunderstorms. Lightning is one of nature’s most powerful and unpredictable killers. Golfing, swimming, boating, biking riding, mowing the lawn – almost any outdoor activity – can be dangerous if there’s lightning around. So when you hear that rumble in the sky, heed these tips from the National Weather Service:

- If you can hear thunder, you’re close enough to the storm to be struck by lightning.
- Listen to weather reports before you go outside for extended periods. Cancel picnics and such if thunderstorms are likely, or move the picnic indoors.
- If you’re caught unexpectedly, move to a sturdy building or car (keep the windows up). Avoid small sheds, isolated trees, or convertible automobiles.
- If there’s no shelter nearby, find a low spot away from trees, fences, and poles. In the woods, stay by the shorter trees.
- If you feel your skin tingle or your hair stand up, squat low to the ground on the balls of your feet. Put your hands on your knees and your head between them. Do not lie flat on the ground. Make yourself the smallest target possible.
- Move to higher ground if a flash flood or any flood seems likely. Abandon cars once a flood begins. Do not attempt to drive to safety. Most flashflood deaths happen in cars.

DID YOU KNOW?: A Look at U.S. Flag Trivia

- Betsy Ross was reportedly able to create a 5-pointed star from a single sheet of paper with one cut.
- The first U.S. flag had 13 stars, representing the 13 original colonies. The second flag had 15 stars, as more states entered the union. Often states came in groups, so there were no U.S. flags with 14, 16, 17, 18, 19, 22, 39, 40, 41, 42, or 47 stars.
- New U.S. flags can be introduced only on the Fourth of July.
- No U.S. flag ever becomes obsolete. Each of the 27 flags are still legal U.S. flags and may be flown at any time.
