Hurricane Season:

Let's Get Ready!

SUMMER QUOTATIONS

- People don't notice whether it's winter or summer when they're happy. -- Anton Chekhov
- Oh the summer night, has a smile of light, and she sits on a sapphire throne. -- Barry Cornwall
- A perfect summer day is when the sun is shining, the breeze is blowing, the birds are singing, and the lawn mower is broken. -- James Dent
- Do what we can; summer will have its flies. -- Ralph Waldo Emerson
- Like a welcome summer rain, humor may suddenly cleanse and cool the earth, the air and you. -- Langston Hughes
- Summer is the time when one sheds one's tensions with one's clothes, and the right kind of day is jeweled balm for the battered spirit. A few of those days and you can become drunk with the belief that all's right with the world. -- Ada Louis Huxtable
- Of all the wonders of nature, a tree in summer is perhaps the most remarkable; with the possible exception of a moose singing "Embraceable You" in spats. -- Woody Allen
- Being a child at home alone in the summer is a high-risk occupation. If you call your mother at work thirteen times an hour, she can hurt you. -- Erma Bombeck
- Rest is not idleness, and to lie sometimes on the grass under trees on a summer's day, listening to the murmur of the water, or watching the clouds float across the sky, is by no means a waste of time. -- John Lubbock
- The summer night is like a perfection of thought. -- Wallace Stevens
- Ah, summer, what power you have to make us suffer and like it. -- Russel Baker
- In summer, the song sings itself. -- William Carlos Williams

THOSE LITTLE BUGGERS!

Ah, summertime! Barbecues, swimming, baseball, and bugs—lots of bugs! Nothing can ruin a warm summer evening faster than mosquitoes. Besides being annoying, mosquitoes can also be dangerous, carrying diseases like malaria, encephalitis, and West Nile virus. Short of not breathing or moving, there are some simple steps you can take to keep from getting bitten.

Start by getting rid of the mosquitoes around you. Mosquitoes breed in standing water. Remove any containers that can hold water from around the outside of your home. Dispose of all empty beverage containers, plastic wrappers, or toys that might hold even small amounts of water. Don't leave pet food dishes outdoors. Cover garbage cans tightly with their lids. Do not allow water to drip from outside water faucets. Keep doors and windows tightly closed if you do not have screens. Before you come inside, check your clothing and skin for any "hitchhikers."

Avoid mosquitoes if you can. Mosquitoes are most active at dawn and dusk. Avoid unnecessary outdoor activities at these times. Most bug "zappers" do not significantly deter mosquitoes and in fact can attract more of them. Avoid wearing dark clothing, especially blue clothing.

Finally, take care when you go out. If you must go into an area where mosquitoes live, take some precautions. Wear long pants and a long-sleeved shirt. Tuck your pant legs into your socks and tuck in your shirt. Wear a hat and tie a bandana around your neck. Repellents containing DEET can be used on your skin and clothing. Always use as directed. Check with your physician if you have any reaction to the use of DEET or if you are concerned about exposure to this type of repellent. Wash all repellent off of your skin when you come back indoors. Check with a physician before using DEET on children.
