Hurricane Season is Here. Are you prepared?

Hurricanes are one of nature's most powerful forces that turn warm ocean water into powerful winds capable of mass destruction. Heavy rain also accompanies hurricanes and is not only a threat to coastal areas, but to areas hundreds of miles inland as well. In some cases, flooding occurs days after the storm actually goes ashore. Hurricanes also bring winds in excess of 74 mph, storm surge and tornadoes. It's critical to be aware of the dangers associated with hurricanes and their somewhat weaker counterparts, tropical storms, and to learn how you can reduce the loss of life and property if you're prone to these powerful forces.

During A Hurricane Watch

- Listen to a battery-operated radio or television for hurricane progress reports.
- Check emergency supplies.
- Fuel car.
- Bring in outdoor objects and anchor objects that cannot be brought inside.
- Secure windows. Remove outside antennas.
- Turn refrigerator and freezer to coldest settings. Open only when absolutely necessary.
- Store drinking water in clean bathtubs, jugs and bottles.
- Review evacuation plan.
- Moor boat securely or move it to a designated safe place.

During A Hurricane Warning

- Listen constantly to a battery-operated radio or television for

official instructions.

- Store valuables and personal papers in a waterproof container on the highest level of your home.
- Avoid elevators.

If at home:

- Stay inside, away from windows, skylights, and glass doors.
- Keep a supply of flashlights and extra batteries handy. Avoid open flames as a source of light.
- If power is lost, turn off major appliances to reduce power "surge" when electricity is restored.

If officials indicate evacuation is necessary:

- Leave as soon as possible. Avoid flooded roads and watch for washed-out bridges.
- Secure your home by unplugging appliances and turning off electricity and the main water valve.
- Tell someone outside of the storm area where you are going.
- If time permits, and you live in an identified surge zone, elevate furniture to protect it from flooding or better yet, move it to a higher floor.
- Bring pre-assembled emergency supplies.
- Take blankets and sleeping bags to shelter.
- Lock up home and leave.

The Do's and Don't's of Recycling

RECYCLE:

- Steel, Tin & Aluminum Cans
- Plastic Bottles & Containers
- Office Paper, Brown Paper Bags & Newspaper
- Flattened Cardboard & Paperboard
- Junk Mail & Magazines

DO NOT INCLUDE:

Food waste, plastic bags, polystyrene foam cups & containers, glass bottles.

Please note that Waste Management Inc. of Florida is no longer accepting glass in its commercial recycling plastic bags do not recycle.

GENESIS AI

Melanie Plotkin, H.A.S., Hearing Aid Specialist

Javier Benitez, HAS, BC-HIS, Hearing Aid Specialist, Board Certified in Hearing Instrument Sciences

LIMITED TIME OFFER!

\$1000 OFF

Towards the purchase of a new pair of Rx hearing aids.*

*Cannot be used on prior purchases or combined with another discount.

Here is an early review of the new Genesis AI hearing aids:

"...I have been in just about [every] noise environment that could be produced [and] the Genesis hearing aids with the new Starkey app have worked fantastic[.]

Using Edge Mode is easy and controls the sound very well even for the TV... Also the batteries stay charged up to 80% after a long day of hard usage.

I'm happy I made the switch to them!"
