WELCOME TO THE NEW BONAVIDA NEWSLETTER!

The idea for a revived
newsletter is to
communicate and hear
what is going on and what
we'd like to accomplish
hand in hand with the Board
and Manager. We hope that
all Unit Owners/Tenants
are kept informed and are
motivated to get involved.

You can forward any questions or concerns to the following email address:

would like to wish all of our mothers a very
Happy Mother's Day.

Hurricane Season Is Fast Approaching. Are You Prepared?

Hurricane Season is June 1 to November 30

Hurricane preparedness is a natural part of living in Miami-Dade County. Below are some key tips to include in your personal hurricane plan. Make sure everyone in your household knows what they are supposed to do.

Have disaster supplies on hand.

- Flashlight and extra batteries
- Portable, battery-operated radio and extra batteries
- First aid kit and manual
- Emergency food and water
- Non-electric can opener
- Essential medicines
- Cash and credit cards
- Sturdy shoes

Check your insurance coverage and be sure it includes replacement coverage, especially for renters.

Evacuation Plans:

- Rehearse your evacuation plan with your household and leave extra time for traffic.
- If you live in an evacuation zone, make plans to move inland to a friend or family member's home.
- If you are electrically dependent you should evacuate for any category of tropical storm or hurricane.
- Emergency Evacuation Assistance Program. Residents who may need assistance evacuating from disaster should register for the Emergency Evacuation Assistance Program by calling the Office of Emergency Management at (305) 513-7700 or download and application from the OEM website: https://www.miamidade.gov/global/service.page?Mduid_service=ser1470238193996672.

Communications:

- Develop an emergency communication plan. In case family members are separated from one another during a

disaster, have a plan for getting back together.

Water Is Life:

The most important part of your hurricane kit is water. Have 1 gallon per person per day. Your water heater can store several gallons of fresh water to use if there is no water pressure, especially in high-rise buildings.

Protect Your Windows:

Permanent shutters are the best protection. A lower-cost approach is to put up plywood panels. Use 1/2-inch plywood--marine plywood is best--cut to fit each window.

We offer a variety of services and treatments, exclusive 1 on 1, in the comfort of your own home.
