MESSAGE FROM THE EDITOR

Dear Gentle Readers (Owners/Renters),

Today is the second issue I write to you all and no one has taken me up on sharing some happy events that have been occurring with your families. Once again here is my email address: bonavidanewsletter@gmail.com.

I was hoping to have gotten some questions with some resolutions on how we can make the Bonavida Condominium community a happy place to live in. Remember not all is lost in asking and being informed.

UPDATES:

- New washer and dryers have been installed.
- The beginning of painting and placing of rugs in the common areas has started.
- The parking lot has been cleaned from garbage, leaves and debris.

“If everyone is moving forward together, then success takes care of itself...” by Henry Ford

Your Neighbor

HAPPY FATHER'S DAY

We wish all of our fabulous fathers here at Bonavida a very Happy Father's Day. Enjoy your children today...and every day!!

Hurricane Season is Here. Are you prepared?

Hurricane Watches and Warnings

Each year, from June 1 through Nov. 30, an average of six hurricanes form in the Atlantic Ocean, Gulf of Mexico and the Caribbean Sea combined. Hurricanes are one of nature's most powerful forces that turn warm ocean water into powerful winds capable of mass destruction. It's critical to be aware of the dangers associated with hurricanes and their somewhat weaker counterparts, tropical storms, and to learn how you can reduce the loss of life and property if you're prone to these powerful forces.

During A Hurricane Watch

- Listen to a battery-operated radio or TV for hurricane progress reports.
- Check emergency supplies.
- Fuel car.
- Bring in outdoor objects such as lawn furniture, and anchor objects that cannot be brought inside.
- Secure buildings by closing and boarding up windows. Remove outside antennas.
- Turn refrigerator and freezer to coldest settings. Open only when absolutely necessary and close quickly.
- Store drinking water in clean bathtubs, jugs, and cooking utensils.
- Review evacuation plan.
- Moor boat securely or move it to a designated safe place. Use rope or chain to secure boat to trailer. Use tiedowns to anchor trailer to the ground or house.

During A Hurricane Warning

- Listen constantly to a battery-operated radio or TV for official instructions.
- If in a mobile home, check tiedowns and evacuate immediately.
- Store valuables and personal papers in a waterproof container on the highest level of your home.
- Avoid elevators.

If at home:

- Stay inside, away from windows, skylights, and glass doors.
- Keep a supply of flashlights and extra batteries handy. Avoid open flames, such as candles and kerosene lamps, as a source of light.
- If power is lost, turn off major

appliances to reduce power "surge" when electricity is restored.

If officials indicate evacuation is necessary:

- Leave ASAP. Avoid flooded roads and watch for washed-out bridges.
- Secure your home by unplugging appliances and turning off electricity and the main water valve.
- Tell someone outside of the storm area where you are going.
- If time permits, and you live in an identified surge zone, elevate furniture to protect it from flooding or better yet, move it to a higher floor.
- Bring pre-assembled emergency supplies and warm protective clothing.
- Take blankets and sleeping bags to shelter.
- Lock up home and leave.

We offer a variety of services and treatments, exclusive 1 on 1, in the comfort of your own home.
