Hurricane Season is Here. Are you prepared? Hurricane Watches and Warnings

Each year, from June 1 through Nov. 30, an average of six hurricanes form in the Atlantic Ocean, Gulf of Mexico and the Caribbean Sea combined. Hurricanes are one of nature’s most powerful forces that turn warm ocean water into powerful winds capable of mass destruction. It’s critical to be aware of the dangers associated with hurricanes and their somewhat weaker counterparts, tropical storms, and to learn how you can reduce the loss of life and property if you’re prone to these powerful forces.

During A Hurricane Watch

- Listen to a battery-operated radio or TV for hurricane progress reports.
- Check emergency supplies.
- Fuel car.
- Bring in outdoor objects such as lawn furniture, and anchor objects that cannot be brought inside.
- Secure buildings by closing and boarding up windows. Remove outside antennas.
- Turn refrigerator and freezer to coldest settings. Open only when absolutely necessary and close quickly.
- Store drinking water in clean bathtubs, jugs, and cooking utensils.
- Review evacuation plan.
- Moor boat securely or move it to a designated safe place. Use rope or chain to secure boat to trailer. Use tiedowns to anchor trailer to the ground or house.

During A Hurricane Warning

- Listen constantly to a battery-operated radio or TV for official instructions.
- If in a mobile home, check tiedowns and evacuate immediately.
- Store valuables and personal papers in a waterproof container on the highest level of your home.
- Avoid elevators.

If at home:

- Stay inside, away from windows, skylights, and glass doors.
- Keep a supply of flashlights and extra batteries handy. Avoid open flames, such as candles and kerosene lamps, as a source of light.
- If power is lost, turn off major appliances to reduce power “surge” when electricity is restored.

If officials indicate evacuation is necessary:

- Leave ASAP. Avoid flooded roads and watch for washed-out bridges.
- Secure your home by unplugging appliances and turning off electricity and the main water valve.
- Tell someone outside of the storm area where you are going.
- If time permits, and you live in an identified surge zone, elevate furniture to protect it from flooding or better yet, move it to a higher floor.
- Bring pre-assembled emergency supplies and warm protective clothing.
- Take blankets and sleeping bags to shelter.
- Lock up home and leave.

Best Hamburger Ever

Ingredients

- 1 ½ pounds lean ground beef
- ½ onion, finely chopped
- ½ cup shredded Colby Jack or Cheddar cheese
- 1 large egg
- 1 (1 ounce) envelope dry onion soup mix
- 1 clove garlic, minced
- 1 tablespoon garlic powder
- 1 teaspoon soy sauce
- 1 teaspoon Worcestershire sauce
- 1 teaspoon dried parsley
- 1 teaspoon dried basil
- 1 teaspoon dried oregano
- ½ teaspoon crushed dried rosemary
- salt and pepper to taste

Directions

Preheat an outdoor grill for high heat and lightly oil the grate. Meanwhile, combine ground beef, onion, cheese, egg, onion soup mix, minced garlic, garlic powder, soy sauce, Worcestershire sauce, parsley, basil, oregano, rosemary, salt, and pepper in a large bowl. Use your hands to form the mixture into 4 patties.

Cook patties on the preheated grill until no longer pink in the center and the juices run clear, about 4 to 5 minutes per side. An instant-read thermometer inserted into the center should read at least 165 degrees F (74 degrees C).
