## Hurricane Season is Fast Approaching. ARE YOU PREPARED?

**Hurricane Season is June 1 to November 30**
Hurricane preparedness is a natural part of living in South Florida. Below are some key tips to include in your personal hurricane plan. Make sure everyone in your household knows what they are supposed to do.

**Have disaster supplies on hand.**
- Flashlight and extra batteries
- Portable, battery-operated radio and extra batteries
- First aid kit and manual
- Emergency food and water
- Non-electric can opener
- Essential medicines
- Cash and credit cards
- Sturdy shoes

**Check your insurance coverage** and be sure it includes replacement coverage, especially for renters.

**Evacuation Plans:**
- **Rehearse your evacuation plan** with your household and leave extra time for traffic.
- If you live in an evacuation zone, make plans to move inland to a friend or family member's home.
- If you are electrically dependent you should evacuate for any category of tropical storm or hurricane.
- **Emergency Evacuation Assistance Program.** Residents who may need assistance evacuating from disaster should register for the Emergency Evacuation Assistance Program by calling the Office of Emergency Management at (305) 513-7700 to receive an application. Applications are available in Creole, English and Spanish and can be downloaded from the OEM website: **http://www.co.miami-dade.fl.us/oem.**

**Communications:**
- Assign someone in your home the job of a checking the weather everyday during Hurricane Season.
- Develop an emergency communication plan.
- Ask an out-of-state relative or friend to serve as the "family contact."

**Pets:**
- Evacuation Centers will only accept service animals for people with disabilities. Make plans to board your pets with friends or pet shelter.
- Make sure you store adequate food, water, & medicines, for your pets.

**Water Is Life:**
- The most important part of your hurricane kit is water. Have 1 gallon per person per day.
- Your water heater can store several gallons of fresh water to use if there is no water pressure, especially in high-rise buildings.
