DON'T FORGET...

Spring forward...Fall back...

Daylight Saving Time begins for most of the United States at 2 a.m. on the **Second Sunday in March** and lasts until 2 a.m. on the **First Sunday of November.**

Be sure to set your clocks back one hour at 2 AM on Sunday, November 1, 2026.

This is also a great time to change the batteries in your smoke and carbon monoxide detectors. Many fire departments encourage people to change their batteries in these detectors when they change their clocks, because it can be so easy to forget otherwise. "A working smoke detector more than doubles a person's chances of surviving a home fire," says William McNabb of the Troy Fire Department in Michigan. More than 90 percent of homes in the United States have smoke detectors, but one-third are estimated to have worn-out or missing batteries.

TRASH ROOM, CHUTE & DISPOSAL RULES

Keeping our trash rooms and common areas clean helps maintain a safe, pleasant, and well-maintained community. Please review the following important reminders regarding trash and waste disposal

Cardboard Boxes: Please do not place cardboard boxes down the trash chute. All cardboard boxes must be flattened and brought downstairs to the blue dumpsters located by the main entrance of the garage on the 1st floor.

We kindly ask all residents to follow these guidelines and to remind their contractors of the proper disposal procedures.

Thank you for your cooperation and for helping us keep our condominium clean, safe, and well-maintained!

Bulky Items: Bulky items such as furniture, appliances, large boxes, mattresses, and other oversized items must be removed from the property. Please do not leave bulky items in the trash room, hallways, or next to the trash chute.

Contractors & Renovations: If you have contractors working in your unit, please make sure they are aware of the building's disposal requirements.

All construction materials, renovation debris, boxes, and other materials must be removed from the property by the contractor. Please make sure that nothing related to construction or renovation work is placed down the trash chute or left in the trash room.

Please Keep These Items Out of the Trash Chute

The trash chute should only be used for appropriate, regular household trash. Do not place:

- Cardboard boxes
- Construction or renovation materials
- Large or bulky items
- Furniture or appliances
- Oversized bags or items that could cause a blockage

Improper disposal can damage the trash chute, create blockages, and result in additional maintenance costs.
